

industrial signage

machining

 using state of the art machinery and software means we can design and machine out intricate shapes and patterns in a wide variety of materials.

J W Kane

J W Kane

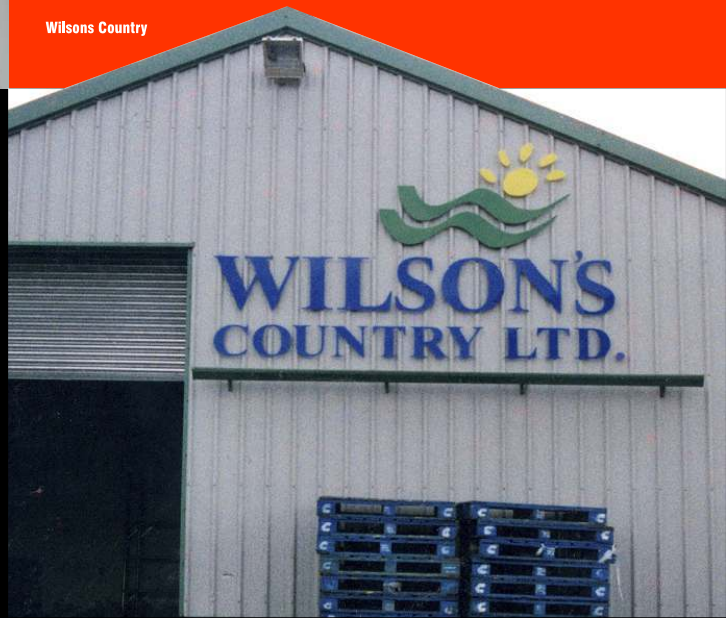

the bigger picture

 the bigger the better when trying to get your message across. we can provide large scale lettering suitable for most large buildings and warehouse premises.

Wilsons Country

materials

 cut out 5mm acrylic lettering as used for wilsons country. pvc foamex is very strong and durable and was spray painted for j w kane (above), built up letters can also be used.

colours

☛ materials come in various different colours or can be spray painted to ral or pantone colours of your choice.
full colour digitally printed light boxes and flexi-face systems also available.

Marley Hire Group - Newry

fitting

☛ finished signage can be fitted onto almost any surface and positioned to capture attention, point the way and reinforce your brand.

CR Morrow Agri

CR Morrow Used Auto Centre

imagery
