

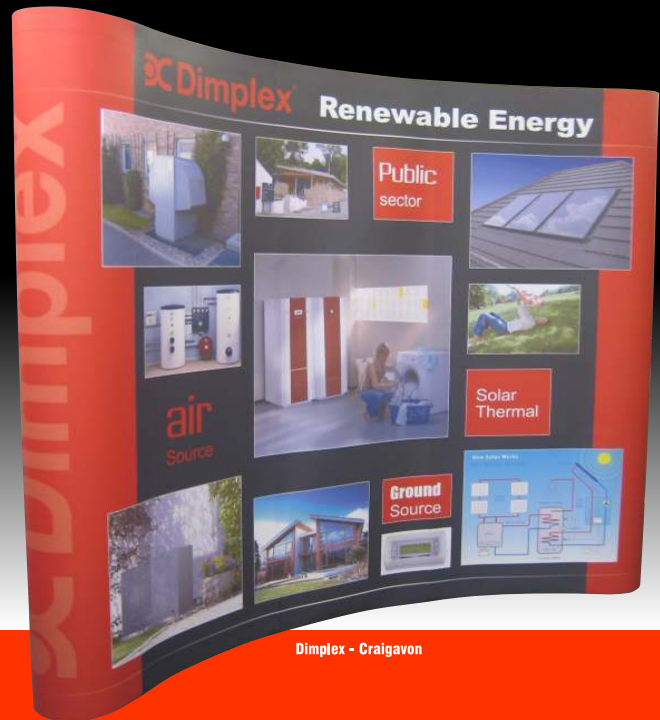

## exhibition displays pop up & pull ups

## curved pop up exhibition

our large exhibition displays come in a handy storage box [with wheels] that not only stores all the components for the display but also doubles up as a lectern.

Dimplex - Craigavon

Curved pop up exhibition - folded down to fit into storage box

## why choose a pop up?

- unique frame allows quick assembly
- magnetic locking system for graphic panels
- set up in minutes
- includes wheeled storage box and spot lights
- dimensions approx 3070mm x 2225mm
- available with crystal laminate for a tough lasting finish

Security Feel Better

## artwork

full design service available. supply your wording and photos and we will produce a stunning visual which can be emailed for proofing before production in a fast turnaround.

## something different

bespoke exhibition stands & displays designed & manufactured.

## banner pull ups

the spring loaded banner pull up unit allows the graphic[s] to be conveniently rolled away when not in use to save space and to protect the graphic[s].

Banner pull up - as easy as 1 2 3

## why choose a pull up?

- light weight and very portable
- graphic panels can be easily replaced
- comes with carry case for easy transportation & storage
- set up in minutes
- small footprint so won't take up much space
- graphic size 800mm x 2000mm
- available with crystal laminate for a tough lasting finish
